

## **NON-SMOKING BUILDING**

The buildings at Victor Corporate Center (20255 & 20555 Victor Parkway) have been designated as “Non-Smoking Buildings”.

Smoking is not permitted anywhere on the buildings including your suite. Smoking is permitted outdoors, behind the buildings. If tenants or visitors wish to smoke, there are ashtrays located behind each of the buildings in the dock area. Please note, smoking is not permitted in front of or on the sides of the buildings. Please do not drop your cigarette butts in the mulch planting areas surrounding the buildings, as this is a fire hazard.

Please distribute this information to all of your employees and visitors.
